Founded in 1976

Art Materials Service, Inc. © 2009

Volume #30

THANK YOU FOR YOUR INTEREST IN AMS PRODUCTS!

Art Materials Service, Inc. (AMS) was founded in 1976 to provide reliable generic hardware to the aluminum picture framing industry. By 1985, AMS became the world's largest manufacturer of metal hardware to this industry with a reputation for high quality and fair prices. Our continually expanding primary product line consists of metal hardware to assemble, hang, and secure aluminum, wood and plastic picture frames. Other items in our line include self-locking protective corrugated corners, mounting materials, laminating films, wire, easel backs, and a growing selection of hand- and air-operated machines used for the installation of AMS parts.

Most prices are quoted as "**cost per thousand**" (or "**M**") parts.

In order to avoid problems with the decimal, remember that \$10.00/M parts = \$0.01/each part.

PLEASE NOTE: Minimum invoice value for domestic orders has been decreased to \$150.00. Orders under \$150.00 will incur a \$35.00 handling fee.

\$300.00 minimum order for exports.

If you require technical assistance, need an AMS distributor referral, or would like samples of AMS products, contact us:

- By Phone, Toll Free National: **888-522-5526** or Local: **732-545-8888**
- By Fax: **732-545-9166**
- Visit Our Website: **www.ArtMaterialsService.com**

Art Materials Service also has a **EUROPEAN DISTRIBUTION** center in Emmerich, Germany:

AMS Trading GmbH, Max-Planck-Str. 17, 46446 Emmerich, Germany

Phone: 49-(0)2822-91302-0 Fax: 49-(0)2822-91302-25 Web: www.AMS-Trading.de

TERMS AND CONDITIONS OF SALE

From day of shipment – Net 30 days – Upon approval by the AMS Credit Department. FOB Art Materials Service, Inc., warehouse. Not responsible for goods damaged in transit. All claims must be made within 5 days after receipt of goods. All prices are subject to change without notice. A 2% service charge per month on all balances over 30 days. Any costs sustained by Art Materials Service, Inc. in collecting delinquent accounts will become part of the total amount owed to Art Materials Service, Inc. Our liability shall be limited solely to the replacement or repair of defective material not meeting our specifications. Returns are only accepted when issued a return authorization number and packing slip.

SPECIAL PACKAGING

Most bulk items in our catalog can be bagged or boxed in a form to make their handling and usage easier for our customers. AMS can also produce custom packs of hardware. For example: 2 wire hangers, 2 screws, and a 24" coil of wire in a private labeled package. For an individual quote please contact our Customer Service Department.

**Due to ever-changing market conditions, our prices fluctuate often.
Please refer to our Web site or call to verify pricing.**

WIRE CRIMP TOOL

Wire Crimp Tool

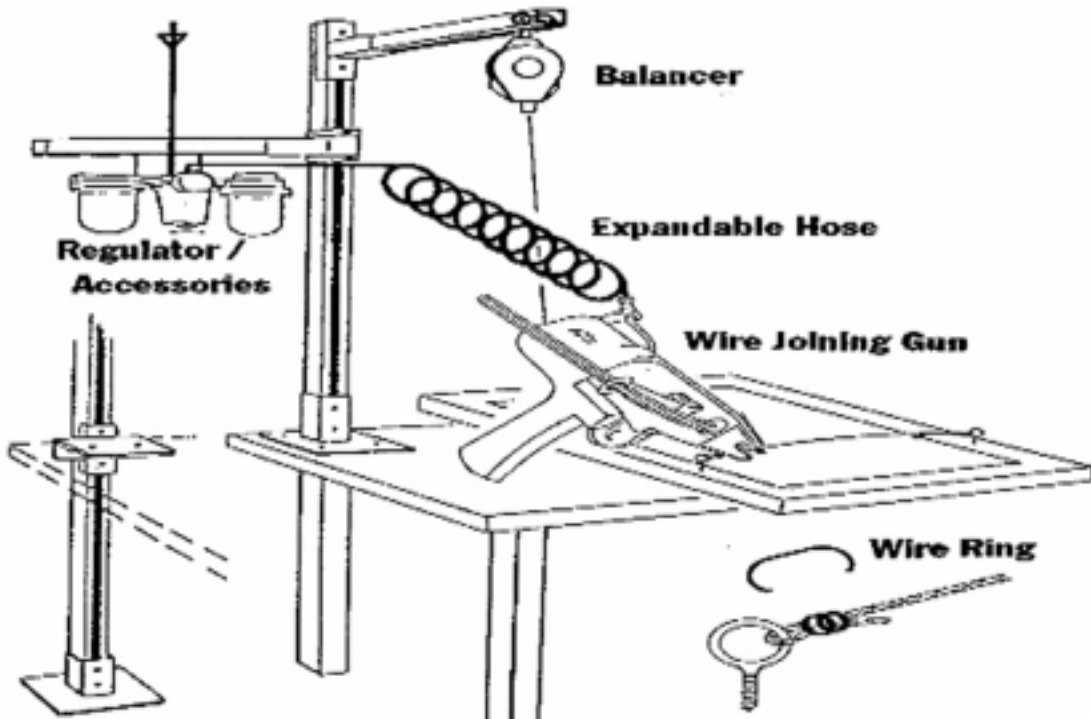

WC-1B

The AMS Wire Crimp Tool is an air-driven tool that automatically feeds rings to crimp together picture framing wire quickly and safely. It saves wire because no twisting of ends is required. A 10-foot polyurethane (coiled) hose is included with every WC-1A purchase.

See AMS Workstations and AMS Air Compressors.

(Formerly WC-1A.)

Crimping Pliers

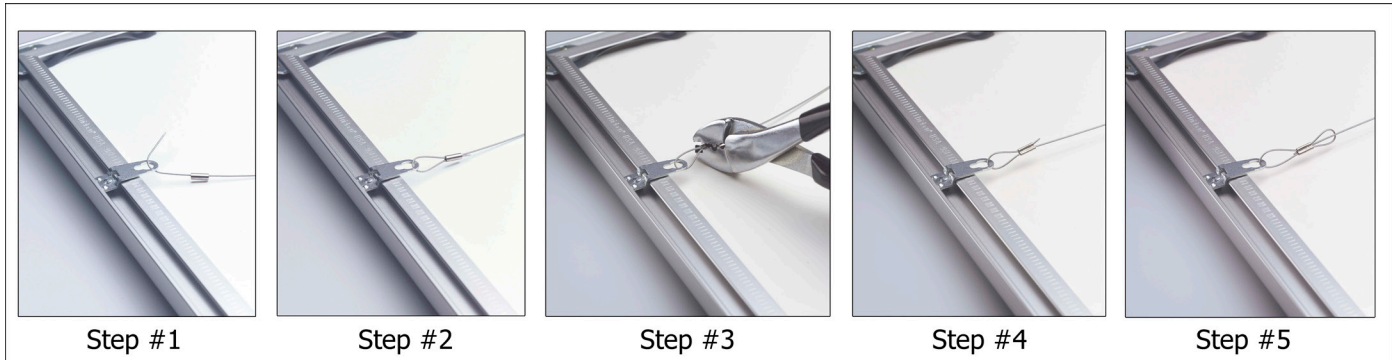

AMS 8-1/2" Crimping Pliers are used to fasten AMS #06 Crimping Sleeves over AMS #060 EZ Wire.

Code	Price
06CR85	30.00

AMS EZ Wire System Instructions

Feed EZ Wire through the properly sized sleeve and hardware (Step #1). Pass the wire back through the sleeve (Step #2). The standard procedure is to pass the wire through the sleeve twice, but you can slip the wire through a third time if you prefer (Step #3). Next, firmly crimp the sleeve and wire together using our special crimping pliers (Step #4). We recommend making two side-by-side crimps on each sleeve. The sleeve and crimp are now secure (Step #5). To finish the job, repeat this procedure on the opposite side of the frame.

Zinc Plated Courtesy / Goodwill Wall Hangers

Boxes of 1000 Courtesy Bags containing 1 hanger and 1 nail with message printed on bag:
